

Hoppy Hunting

How it works

1. Spring into action!

Pick one of the three villages and start exploring to find the pictured locations where an egg is hidden. (No need to follow a set order—just trust your bunny instincts!)

2. Hop to it!

Find the egg and jot down the number you see on your game card in the right spot.

3. Find 'em all!

Bounce from spot to spot, tracking down every egg and its number. When you find them all, you'll have a special six-digit code.

4. Scan and enter to win!

Scan the QR and enter your code for a chance to win some egg-cellent prizes. But be a wary bunny—only the correct code will put you in the draw! Winners will be notified by email on April 23rd.

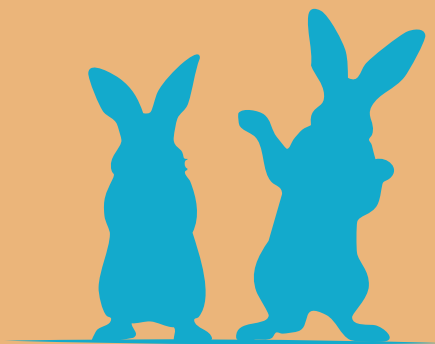

5. Lop on over to claim your treasure!

Bring your secret code to the Morgins or Champéry tourist offices during opening hours to unlock the chest of goodies.

Bless my whiskers, the Region Dents du Midi bunny is just too quick—she's already hidden her eggs around the villages! Luckily, we snapped some photos of her hiding spots...
