WELCOME

REGION DENTS DU MIDI

Region Dents du Midi is made up of 6 charming villages perched high in the Swiss Alps. Nestled along the lush green Illiez Valley, this is the gateway to Les Portes du Soleil, the world's largest international recreational area.

As you arrive here at the foot of the Dents du Midi, we dare you not to stop in your tracks and gaze in wonder. Go ahead, drink it all in, and let the daily worries of life dissipate like early-morning fog on a lake. Live in the moment and let your mind and feet wander.

Visible all the way from Lake Geneva, the seven soaring summits of the Dents du Midi Massif are a beacon to visitors from near and far. Eternal, yet everchanging, these peaks are our benevolent guardians, majestic and mysterious at the same time. In summertime, their mantle of snow melts away and their hillsides beckon with an invitation to a myriad of tempting alpine activities.

No matter where your adventures take you, you'll experience our traditions, heritage and terroir. Like the weather-worn exterior of a snug alpine chalet, they are a testimony to the past we have so carefully preserved, even as we embrace the future.

OUR 6 RESORT-VILLAGES

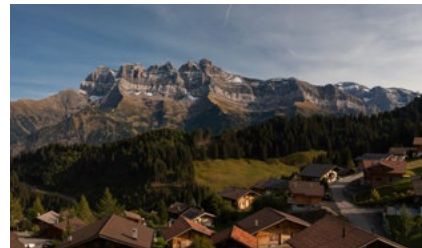

Champéry (1,050 m)

One of the oldest tourist destinations in Switzerland, Champéry is also the first Olympic village in Valais, having hosted the curling events for the Youth Olympic Games in January 2020. Quaint, yet resolutely modern, the picturesque main street still has all the authentic charm of yesteryear while the village's iconic red-and-white cable car is a model of Swiss efficiency, whisking you away to an altitude of 2,000 m and into the vast Portes du Soleil in under 5 minutes.

On foot, by bike or on horseback, this is your base camp for the great outdoors!

Champoussin (1,580 m)

Surrounded by soaring peaks, Champoussin is known for its exceptional vistas, including a dramatic, front and centre view of the Dents du Midi. Peaceful and down-to-earth, this is the perfect place to stop, smell the flowers and get to know the marmots, goats, and other friendly locals.

Dotted with wetlands, Champoussin's lush pastures and south-facing hillsides catch and collect every last ray of sun. Here, nature is omnipresent, and life feels unrushed.

Les Crosets (1,700 m)

Home to our renowned bike park, Les Crosets is a hub for direct connections to the other Swiss and French resorts. There's something wonderful in every direction, from pristine alpine lakes to soaring peaks to authentic mountain restaurants and traditional *alp*pages.

Just step outside, choose a trail, and Les Portes du Soleil is yours for the taking!

Morgins (1,330 m)

The last Swiss stop on the road to France and the gateway to the Val d'Abondance, Morgins is a vital link between the Swiss and French territories of the Portes du Soleil.

In Morgins you notice the elements: the pungent, earthy tang of dense spruce forests, the oxygen-charged air or the striking orange rocks in an iron-rich stream. Water is everywhere, from bubbling forest brooks to cascading waterfalls to a tree-lined lakeside. This is an idyllic place, perfect for outings where rest and reverie go hand in hand.

Troistorrents (770 m)

Troistorrents marks the entrance to the Val d'Illicz, covering a sprawling territory of more than 37 km² and including several small hamlets.

At the centre of all this, the splendid Church of St. Mary Magdalene dominates a rocky promontory; a testimony to the rich architectural heritage found here in the largest of the valley's villages. Just below the church, the precipitous Tine River Gorge houses a meticulously executed replica of an ancient mill dating back to 1401. Downriver, you'll find the intriguingly named Devil's Bridge, accessible by a winding pathway that follows the Vièze River Gorge.

Val-d'Illicz (950 m)

Located in the heart of the valley that bears its name, the village of Val-d'Illicz has been a stronghold of agrarian traditions since time immemorial. Two ancient granaries, recently converted into a pint-sized museum, are living proof of the importance of farming and trade in this tightly knit community.

In summer, this is the jumping-off point for three of our loveliest alpine lakes, the twin Lacs d'Antème and the magical Lac de Soi.

VISITING THE REGION?

Region Dents du Midi is just a 25-minute hop and a skip from the Chablais plain at the southeastern end of Lake Geneva. By train, the charming AOMC cogwheel line will take you from Aigle through Troistorrents and Val-d'Illeiez to Champéry in less than an hour. Our other destinations are served by buses, leaving from Troistorrents to Morgins, and from Val-d'Illeiez to Les Crosets or Champoussin.

If you plan to use the Swiss motorway network, you will need a motorway sticker, sold at Swiss customs posts, in petrol stations, and online at e-vignette.ch. (CHF 40.- valid for one calendar year.)

The currency is the Swiss Franc, but many shops accept Euros (generally banknotes only) as well as bank and credit cards. In Switzerland, with 4 national languages, dialects can change from one village to the next. Some cantons, such as Valais, are even bilingual. Here, in La Romandie, *nous parlons le français!*

WANDERLUST

HIKING & TRAIL RUNNING

Forget about tiptoeing through the tulips! When exploring the Alps on foot, you can dabble your toes in a frigid lake, laze in the dappled shade of a forest glen, ramble through flowering pastures, scramble up steep mountainsides and wander through the wilderness to your heart's content.

Whether you take the lifts or go under your own steam, every trail is an adventure just waiting to happen! From scented meadows and shady forests to sparkling alpine lakes and soaring peaks, Nature is at its best when you're on foot.

Safe in the knowledge that there's always a mountain hut somewhere along the path, you'll never have to worry about being home in time for dinner. Our huts offer food, drink, and shelter and are often a destination in themselves. There's no better way to hike the Alps than by travelling from cabin to cabin, spending the nights tucked snugly under a fluffy duvet after a hearty meal in the company of your fellow travelers.

Before heading out, make sure to get the latest news on trail conditions and weather forecasts. Mountains have inherent natural risks and adequate equipment is strongly recommended even for short walks. Last, but not least, never overestimate your physical abilities!

LIVESTOCK GUARD DOGS

Given the presence of predatory animals such as lynx and wolves in the Alps, many farmers use guard dogs to protect their herds of livestock. These dogs live with the herds and have an instinctive urge to safeguard them from any exterior threat, including humans. Their protective behaviour manifests with an aggressive attitude and powerful barking which will continue until the perceived threat is at an acceptable distance. The intent is not necessarily to attack but to dissuade.

Here are a few useful tips to keep in mind when you come across a herd with a guard dog:

- › Stay calm and move slowly so the dog will realise you are not a threat to its herd.
 - › Avoid disturbing the herd. Keep your distance and, if possible, bypass the animals entirely.
 - › If the guard dog follows you, ignore him - he will soon return to his flock.
 - › If you are running or walking, slow down and avoid sudden movements. Never provoke the dogs by waving your hands or a stick.
 - › If you are riding a bike, get off and walk next to it.
 - › Never feed or attempt to pet the dogs.
 - › Avoid nighttime hikes. At night, guard dogs are particularly protective.
- We strongly discourage hiking with dogs in areas where guard dogs are present.** Guard dogs will perceive other dogs as a threat and react accordingly.
- Rules to remember when hiking with dogs:
- › Your dog should always be on a lead.
 - › Never try to cross through a herd of livestock with your dog.
 - › Go around any herds you encounter, leaving as wide a berth as possible.
 - › If there is a confrontation between your dog and a guard dog, let go of your dog's lead. They will quickly establish a hierarchy.
 - › If you feel your safety is at risk, turn and go back the way you came.

L'Eau Rouge

📍 Morgins

🚰 0.5 km

As early as 1820, travellers from far and wide began to flock to the spring to take the waters for health reasons, launching Morgins' fame as a destination for health and well-being.

WATERFALLS

Cascade de la Saufla

- 📍 **Champéry**
- 📏 1 km
- ➡ on foot
- 🕒 from Grand Paradis
↔ 0h50 ▲ 100 m

Saufla, a word in our local dialect meaning 'breath', refers to a constant breeze created by the torrential swirls of this river as it tumbles 600 metres down the mountains and through abrupt gorges before crashing to a halt in a majestic waterfall near Grand Paradis.

For many, the mountains inspire a visceral need to explore, to challenge oneself, to climb the peak 'because it's there'. But where to start? What to bring? Inexperience is not only dangerous, it can be deadly. A mountain guide is the key that unlocks the austere and unforgiving high alpine environment. Alternately one step ahead of you or right by your side, pushing you to go farther or encouraging you in moments of fatigue, the relationship between guide and client is a special and unique one. From their base camp right here at the foot of the Dents du Midi, our guides lead summit hikes or heliskiing trips as well as ice climbing, mountaineering or ski touring excursions, both close to home or world-wide.

Champéry's bell-foundry was established in 1870 by Isaac Perrin. Over the following century and a half, the foundry was handed down to Jean-Denis Perrin and then to his son Hugues. One of the last foundries in Switzerland, the Perrins have helped preserve this ancient craft and created a Champérolain tradition.

La Cavagne

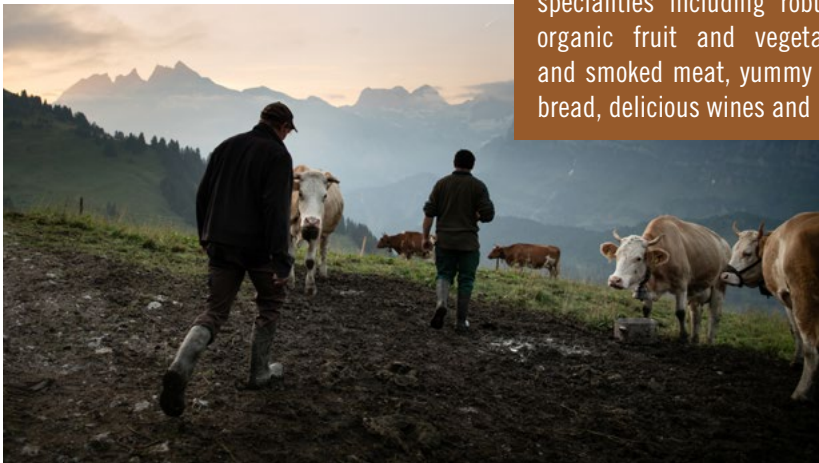

Troistorrents

Active throughout the valley, the SAVI is the champion of all things agricultural. One of their recent projects, the construction of a cheese maturing cellar adjoining the Cavagne in Troistorrents, will help to streamline the work intensive 'ripening' stages and simplify the farm to table process. Holding some 16,000 cheese wheels, the cellar is carefully watched over by a state-of-the-art robotic system. At the same time, the Cavagne itself was enlarged to include a brand-new reception area for meetings, food tastings and other events intended to promote regional agriculture and the products that are an integral part of the alpine economy.

Terroir & Tradition

From blue ribbons to gold medals and the highly prized Protected Destination Origin label, our region boasts a panoply of products that have been recognised for their exceptional quality or authenticity. To make sense of it all, in 2018, we created a label called Saveurs Dents du Midi which certifies the typicity and quality of these goods.

Named after the traditional wooden basket farmers carried on their backs, the La Cavagne shops are your one-stop emporiums for everything homemade, farm-fresh and locally sourced. The two shops, one in Troistorrents, the other in Champéry, overflow with delectable specialities including robust cheeses, organic fruit and vegetables, cured and smoked meat, yummy jams, crusty bread, delicious wines and more!

Le Goût sincère

OUR ROOTS

ALPINE ACTIVITIES

The uncultivated, high-altitude grasslands we call *alpages* were hard-won from the thick forests which covered the mountainsides hundreds of years ago. Generations of farming families have brought their herds of hardy sheep, goats, and cattle to spend the summer grazing in the sunshine, helping to keep the forests at bay and, in the process, creating unique ecosystems of plants, wild animals and traditions which vary from one hillside to another.

Nowadays, these once secluded *alpages* have become a destination unto themselves, crisscrossed by an infinite network of hiking trails and dotted with farms offering home-made specialities.

Tall tales and unbelievable-but-true legends abound in the Illiez Valley! Thanks to the tireless devotion of heritage associations, our past is ever present. Find out more about the architectural, geographic and cultural legacy left by our ancestors, from the singsong rhythm of the valley dialect, to the larger-than-life 'Gros Bellet' who instigated the revolution of 1790, to the daring smugglers who crisscrossed our alpine valleys in the dead of night...

From picturesque village streets to the rustic mountain refuges we call *cantines*, we still welcome visitors, holidaymakers and weary travellers with the same hearty simplicity as in the early days of tourism.

An historic monument, this meticulously reconstructed watermill clings higgledy piggledy to the abrupt sides of the Tine River Gorge and is particularly striking when lit up at night. The original buildings dated back to 1401 and once housed a grain mill, a linen fulling workshop, a press, a forge, a sawmill, and a carpentry shop. As you explore the workshops and exhibitions, stooping to pass through the doorway into the tiny miller's cottage, you can almost hear the creaking of the millwheel and imagine yourself in the shoes of our hard-working ancestors. THROUGHOUT THE SEASONS

AUTUMN

Too often overlooked, autumn is one of the best times to experience Region Dents du Midi, a feast for all your senses. After the frenetic summer months, silence reigns. Thick fog banks roll into the valleys, so that the jutting peaks resemble a fantasy kingdom of islands floating in a sea of mist.

The sun skims the mountaintops, taking the bite out of the chilly air and, at the same time, enhancing the lavish, Pollock-esque riot of colours splashed across the mountainsides. This is a delectable time for epicureans too - it's the season for wild game, freshly picked mushrooms and the famous Brisolée, made with sweet, roasted chestnuts.

WINTER

From the moment the first frosting of snow dusts the tips of the Dents du Midi, a thrill of excitement shivers through the Val d'Illeiez in anticipation of the coming winter season. With more than 300 slopes and a vast 600 km of terrain, it's not hard to understand our collective obsession with winter sports. Skiers and snowboarders can choose from long, winding ski slopes, like the bucolic Ripaille - Grand Paradis run, or the Didier Defago run, named after our own Olympic champion, or test their mettle on perilous black pistes like the infamous, vertiginous mogul field at the top of Chavanette, better known as the Swiss Wall.

But in the Val d'Illeiez, the joys of winter come in a multitude of experiences and the ski slopes are just the beginning. 150 km of snowshoe trails explore silent winter landscapes far from the madding crowds, not to mention cross-country skiing, ski touring, invigorating winter hikes, ice-climbing, curling and oh so much more!
